August 2019

Dear Parents & Students
Welcome back!

A new session, a new class, new books, new classmates, new teachers. It's an exciting time of new beginnings for all. It's important to start on the right track. We should set goals for ourselves from the very start. Maintaining good grades, conquering subjects we are less fond of, study hours at home, targets of reading books etc - are targets we could set for ourselves.

Regular attendance is also a vital factor for success. Research has proven that there is a high correlation between school attendance, academic performance and success. Absence from school is often the greatest single cause of poor performance and achievement. It is difficult for a student to build his/her study skills and progress if he/she is frequently absent.

Spending time with children should be the main priority for all parents. Time spent together will create sweet memories. No memory is as powerful as that of a loving childhood. This will also help children to know their parents better. Time helps parents monitor growth and correct the wrongs the outside world is teaching their children.

A big welcome to all the newcomers and their parents. We look forward to meeting you all. We assure you that you will be accustomed to CGS culture in no time. Do keep in touch.

Annual Awards, Parent Orientation, Student Orientation are scheduled for the first few weeks of school. Your attendance will help us make these programs a success. Wishing you all a happy Eid! Hector Fernandez.
