

CGS-Dhaka Newsletter

VOLUME 10, ISSUE 4

NOVEMBER 2019

Dear Students, Parents and Teachers,
A big shout out and thanks to all for your individual and combined contribution in making the Science / IT / Business Fair a huge success across CGSD Primary and Secondary. The innovation displayed by our young learners were a proven fact about their capacities in becoming leaders of the Fearless Future Forward. As the Parents' Induction and Gen Z sessions have already taken place, we hope that the parents who have attended have been able to take back something from our interactive sessions which would help all involved to understand the needs of Gen Z children in order to make them tick and click.

In the meanwhile, on one hand whereas CGSD teams have already begun occupying themselves by playing inter-school matches and placing the CGSD teams in the semi-finals, etc, on the other hand, another team had not only participated in the Business Summit hosted by DPS, but has also emerged as the Champions in their age group and earned the 3rd place in the whole event. Our winners pictured below:

As we keep on reminding our learners that participation is more important than winning, let us continue to encourage our students to readily participate in all those events which come by in addition to academia. Our routine parents' meetings with members of the senior management have already started and we welcome your feedback being shared.

Our biggest event of the year, the Annual Cultural Program, more popularly known as the ACP, shall be held at the end of this month, details of which shall be circulated closer to date. We look forward to see all our learners on stage, fearlessly depicting roles assigned to each! We also eagerly look forward to have the parents over once again.

Thank you,
Asia Chowdhury

ROUND
SQUARE

RSIC 2019: INDORE

The largest team ever, a 21-member delegation, pictured standing above, attended the International Round Square Conference in Indore, India.

The six-day conference was a stupendous event with inspiring keynote speakers and a range of activities to engage both student and adult delegates. The theme 'The world we want to see' was explored by several keynote presenters including,

Kailash Satyarthi; Nobel Peace prize winner for freeing children in slavery.

Shashi Tharoor; Author of 18 books, Politician and Member of Parliament.

Sophia; First Robot Citizen developed by Hanson Robotics and advocate of AI research.

In her opening address CEO of Round Square, Rachael Westgarth, quoted John Ruskin, "What we think or what we know or what we believe is in the end of little consequence. The only thing of consequence is what we do."

CGSD TO OFFER A LEVELS!

We are delighted to announce that CGSD will be offering A Level classes from August 2020!

- ◆ 11 A level subjects, including the 3 sciences, 3 commerce as well as Maths, IT, Law, Art and EM.
 - ◆ Science Labs will be based on Cambridge designs
 - ◆ There will be a dedicated floor for A Levels
 - ◆ Facilities include, a student lounge, cafeteria open during the day, 6 lecture rooms, library and gyms
 - ◆ We will draw upon CGS expertise, tertiary placements into university and Round Square Tours.
- Watch this space for details and early bird sign up!

ICS CAREERS COUNSELLING

Our careers counselling consultants will be visiting us in November to work with students and parents to help them select 'O' Level subjects that could lead to successful and enjoyable career paths. Every year this exercise ensures that we understand every student's strengths and find career paths that are the best fit.

YOUTH CLIMATE MOVEMENT

Following the ActionAid Bangladesh workshop at CGSD, students joined the Youth Climate Movement to spread awareness of the dire consequences of climate change.
