Class News...

Dear Students

You are now on study leave and are expected to revise on your own. This does not mean that we will not be helping you prepare. Each of us have allocated a weekly slot when we will be available for you. Make a revision schedule for yourself to help pace yourself. As you go through your revision you may find areas that may not be very clear to you. Please come and meet with us and we will clarify these areas.

You are all well—prepared and will, hopefully, do well in your ‘AS’ Level examinations. Be calm and think clearly. Remember to pace yourself throughout the exams and leave time at the end for revision. This could improve your grade. Keep you watch on your desk for reference, take a flask of water with you and take a sip if you get nervous.

Do not panic, write neatly and clearly in legible handwriting.

Work hard and Good Luck!

From all of your class 11 teachers
