

CLASS NOTES

Class 9 - May 2026

Dear Students

You are now on study leave, and this is an important time to revise independently and prepare well for your examinations. Make a realistic revision timetable to help organise your study time and cover all subjects at a steady pace.

On examination days, stay calm, think carefully, and approach each paper with confidence. Do not panic—read the questions thoroughly, manage your time wisely, and present your answers neatly and clearly in legible handwriting.

Please come prepared each day with a flask of water and all the pens, pencils, and stationery you may need. For the Bangladesh Studies Paper 2 examination, remember to bring coloured pens, markers, and pencils, as these will be needed for map work.

Use your study leave wisely, work hard, and do your very best. Wishing you every success and the very best of luck in your examinations!
