September 2024

Dear Parents and Students,

Welcome to the new academic year 2024/2025! We hope this message finds you well and ready for an exciting year ahead at CGS.

Unfortunately, we experienced a delay in starting the academic year as scheduled in our school calendar. To make up for lost time, we will need to adjust our schedule, including utilizing some Saturdays. We appreciate your understanding and support as we work to deliver our unique educational experience. Our approach, which emphasizes the development of 21st century skills through a blend of academic rigor, sports, cultural programs, and adventure, remains steadfast. This holistic approach helps shape CGS students, ensuring they graduate with both strong roots and the ability to soar to new heights.

Our Cambridge O' and AS', A' Levels results are out, and our students have made us immensely proud. Mouparna, Abhradeep, Sayantan are top of the O' Levels league table with 10A's/A each. Hasan achieved 100% in O' Mathematics and 96% in Additional Mathematics. In class 11 Adrita, Areeba, Azneef, Kibtia, Mostavi, Nabonita, and Ilhaan had 4A ★/A's each while Nafisa was front runner with 5 A's. In class 12 Agradeep, Azwad, Aosaf, Bushra, Hiyam, Mayeeshat each attained 4A ★/A's.

Congratulations to all our candidates and to the teachers who helped them achieve these excellent grades, more result details on page 2.

Two students discussing their results below

This year promises to be enriching with a focus on academic excellence and global engagement through our Round Square (RS) network. As a RS member, CGS will be participating in various international conferences, including those in Argentina, Australia, Colombia, India, the UK, Pakistan, Thailand, South Africa, Singapore, New Zealand, and Spain. Our students will also be involved in Model United Nations (MUN) and other RS events, both virtually and in person.

We encourage every student to participate in RS conferences as these are a cornerstone of a CGS education and build resilience and confidence. A fantastic delegation of 24 students and accompanying adults are gearing up for travel to Columbia in September for the Annual RS International Conference where they will join 250 other RS global schools.

WELCOME TO THE NEW ACADEMIC YEAR 2024/2025!

We are excited to host an in-house RS conference in Chittagong during the wonderful winter weather which will be attended by CGSD, CGS NC and CGS, on the theme '**AI: Threats and Opportunities**.' Each year our annual theme offers us a chance to delve deeply into pressing global issues and stimulate thoughtful research. While last year's focus was on the urgent climate crisis, this year we turn our attention to another critical concern: Artificial Intelligence (AI). Throughout the year, we will explore the multifaceted challenges and opportunities presented by AI, aiming to navigate its complexities and harness its potential for positive outcomes.

In addition to our academic focus, we have two key priorities this year, for which we require your support:

1. **Improving /tudent Attendance:** Research shows a direct correlation between attendance and academic performance. We will be addressing absenteeism more rigorously this year and will provide firm warnings to those with consistent attendance issues. We encourage parents to support this initiative to enhance overall student performance.
2. **Promoting Physical Activity:** Engaging in physical activity is crucial for cognitive development. To support this, we are developing 'CGS Play Park,' at Lower School. With many families living in flats with limited space for play, we hope this facility will help keep our students active and healthy. It will also have a walking track for adults to get some exercise while children are in the playground.

Each student has direct and regular contact with their counsellor and champion teacher to support their emotional growth and deal with any concerns they may have. Our success relies on the collaboration between students, parents, and the school. Let's work together to foster a thriving learning environment, nurture curiosity, and support personal growth.

As CGS enters its 33rd year we would like to thank you for your continued dedication and support over the years.

Here's to a productive and rewarding year ahead!

Warm regards,

Farhat Khan and Shereen Ispahani
